

# What to do if you have an accident:

**Stay calm.**

**Ensure everyone is safe.**

- If anyone is injured, call emergency services.
- If the vehicles are causing an obstruction and are posing a danger to other road users, the positions of the vehicles should be marked and then moved off the actual roadway as quickly as possible.
- Call the police if anyone is hurt, or if the other driver leaves without giving details.
- Damaged property does not need to be reported to the Police provided the necessary particulars are given to the person whose property has been damaged.
- **Make a note of the other driver's details at the bottom.**
- You need to be prepared to supply similar information. Get the names, addresses and phone numbers of any witnesses or people involved.
